ORGANISER

About Federation of Industrial Education

- Federation of Industrial Education was established in the Year 2012, by a group of visionaries to enhance education quality in various sectors by empowering different sections of education system. FIE work closely with colleges and Industrial bodies in order to bridge the gap between practical and academic education.
- We at FIE aim to transform the Industrial Education System and Establish a harmony between various education systems that exists in India and Globally, which will empower Students, Institutions & Industries alike. We believe that for the growth of any Nation, Education and Technology can play a vital role and in all of FIE's activities these two aspect are always on centre stage. Improvements in education and technology can become a catalyst to national growth and our efforts are directed towards:
 1. Policy Level changes to improve the quality of education
 2. Implementation methodologies of new and old industrial curriculum.

OUR VISION STATEMENT : अभिज्ञ तेजस्विन च सुज्ञ (Worldly translate to "Aware, Graceful & Wise")

ABOUT NMO - Season 5

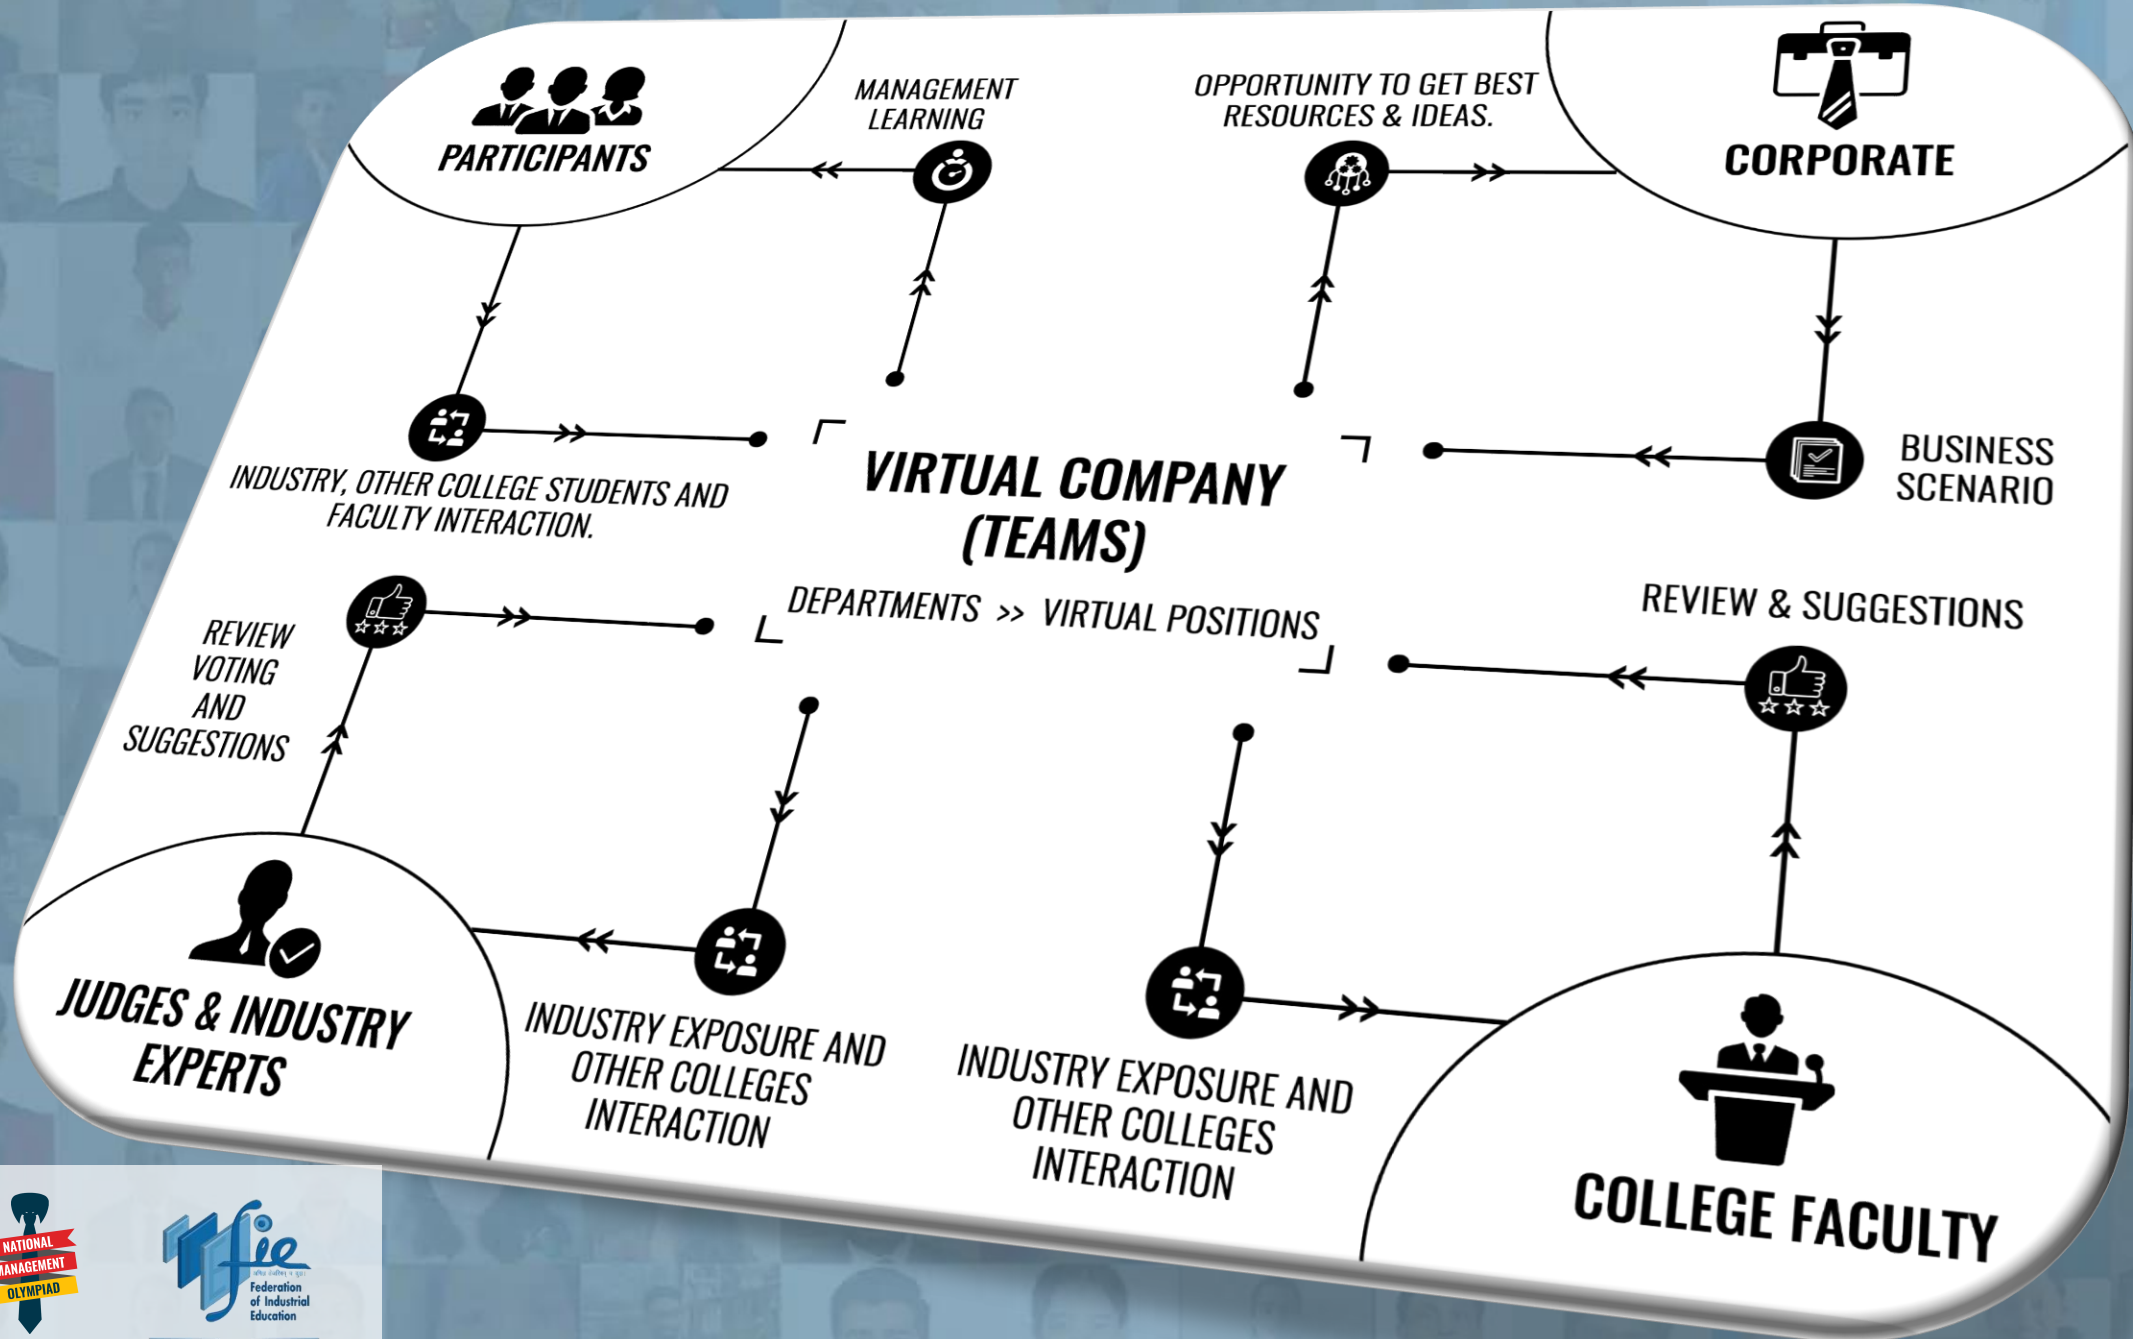

- Idea Behind National Management Olympiad, is to find and encourage best budding management/technical students and aspirants with a focus to bring academic excellence closer to practical implementation in real world management environment.
- National Management Olympiad – Season 5 is poised to reach thousands of students and aspirants across India,
- National Management Olympiad Season 5 will be organised online & it will require 1-2 hour in a week from participants that too with ease of participation from any handheld device or laptop/computer. We understand the time constraint that participants faces due to academic or professional commitments. Keeping this in mind, NMO- Season 5 is designed to provide structured learning and exposure to its participants.
- Competition involves quizzes and Business case scenarios.
 - Quizzes: these quizzes are intended to test participant's academic skills.
 - Business case scenarios: Business case scenarios(BCS) are designed to test Participant's ability to implement academic knowledge in real world environment.
